

## Verified Non-Microsoft AI Solutions on Azure Marketplace (2025)

Below is an updated, review-verified tabular list of top AI/ML/GenAI/Agentic AI/MLOps/LLMOps/AI evaluation solutions from **non-Microsoft publishers** clearly listed on Azure Marketplace. Each entry is validated for Azure listing status, accuracy of solution capabilities, and matched to its vertical/horizontal applicability.

### Review Comments

- All listed solutions have direct Azure Marketplace URLs and verifiable descriptions.
- Solution briefs and verticals have been validated/expanded for accuracy, relevancy, and completeness.
- The table excludes Microsoft/Azure-native solutions and lists only third-party (non-Microsoft) vendors.
- Only confirmed, currently listed offerings are included—no speculative or unlisted products.
- Language and content have been checked for accuracy and clarity based on original Azure Marketplace and vendor sources.

### Updated Solutions Table

Solution Name	Publisher	Solution Brief	Solution Type	Applicable Verticals/Horizontals
<b>Intellias Generative AI Solutions</b>	Intellias	End-to-end GenAI engagement: strategic consulting, evaluation, design, Azure-based implementation, ongoing governance, and hypercare. Rapid prototyping, compliance, uses Azure infra for AI/LLM deployment.	GenAI, LLMOps, AI Evaluation	Financial services, insurance, retail, enterprise transformation, compliance <sup>[1]</sup>
<b>Toptal Generative AI Solutions w/ Azure</b>	Toptal	Pre-vetted experts deliver custom Generative AI (text, voice, apps) leveraging Azure, covering assessment, design, integration, operations. Risk-free initial engagement.	GenAI, LLMOps, Consulting	Retail, customer service, custom app development, enterprise productivity <sup>[2]</sup>

Solution Name	Publisher	Solution Brief	Solution Type	Applicable Verticals/Horizontals
<b>Kyndryl Generative AI Services w/ Azure OpenAI</b>	Kyndryl	Multi-stage service: workshop, rapid prototyping, LLMOps production deployment. Integrates Azure OpenAI, Azure Synapse, Data Factory, Purview. Domain expertise in IT ops & Azure cloud native AI.	GenAI, LLMOps, Consulting	Manufacturing, healthcare, enterprise IT, regulated sectors <sup>[3]</sup>
<b>Knowit GenAI Enterprise Scorecard</b>	Knowit AB	Assessment framework using workshops and analytics to quantify GenAI's impact, required resources, and change strategy for leadership. Uses Azure OpenAI and Copilot.	GenAI/AI Evaluation	All verticals (leadership/strategy, risk mgmt, innovation) <sup>[4]</sup>
<b>Brillio AI-Driven End-to-End Test Automation</b>	Brillio	Automates QA across enterprise apps using Azure-native AI agents, RAG & Playwright. Multi-agent workflows for planning, autonomous execution, scalable integration with CI/CD.	AI Evaluation, MLOps	IT, regulatory, QA, software/devops, digital transformation <sup>[5]</sup> <sup>[6]</sup>
<b>ePlus Secure GenAI Accelerator</b>	ePlus	30-day hosted PoC to test secure, private GenAI chatbots on Azure, driven by user data. Focus on governance, metrics, cost analysis, and rapid business case validation.	GenAI, AI Evaluation	Finance, government, regulated industries, enterprise AI adoption <sup>[7]</sup> <sup>[8]</sup>
<b>atQor Multi-Agent AI Platform</b>	atQor	Scalable, secure AI agents for enterprise internal knowledge access across HR, regulatory, manufacturing, with RBAC, cited answers, SharePoint integration.	Agentic AI, Knowledge Mgmt	Pharmaceuticals, compliance, HR, manufacturing, knowledge-heavy enterprises <sup>[9]</sup>
<b>NTT DATA Agentic AI Services</b>	NTT Limited	Managed service suite for advisory, design, building, and lifecycle operations of agentic AI for enterprise, omni-channel connectivity, full-stack support, domain automation.	Agentic AI, Managed Service	Finance, telecom, commerce, ops automation, customer experience <sup>[10]</sup>

## Solution List - Details

Solution Name	Publisher	Solution Brief	Solution Type	Applicable Verticals/Horizontals
Intellias Generative AI Solutions	Intellias	Full-cycle GenAI/LLM implementation, evaluation, governance, compliance.	GenAI, LLMOps, Eval	Financial, retail, insurance, cross-vertical <sup>[1]</sup>

Solution Name	Publisher	Solution Brief	Solution Type	Applicable Verticals/Horizontals
Toptal GenAI w/ Azure	Toptal	Custom GenAI applications & voice/text solutions, expert integration.	GenAI, LLMOps	Retail, customer service, custom dev, productivity <sup>[2]</sup>
Kyndryl Generative AI Services	Kyndryl	Workshops, rapid prototypes, LLMOps, cloud-native operationalization.	GenAI, LLMOps	IT, healthcare, manufacturing, regulated sectors <sup>[3]</sup>
Knowit GenAI Scorecard	Knowit AB	Enterprise impact quantification, risk, strategy evaluation.	AI Evaluation	Strategy, risk management, exec planning <sup>[4]</sup>
Brillio AI Test Automation	Brillio	Multi-agent Azure-native QA automation for enterprise releases.	AI Evaluation, MLOps	DevOps, QA, regulatory, software, digital <sup>[5]</sup> <sup>[6]</sup>
ePlus Secure GenAI Accelerator	ePlus	Secure GenAI chatbot PoC, governance, cost/metric review, use-case focus.	GenAI, AI Evaluation	Finance, gov, compliance, digital transformation <sup>[7]</sup> <sup>[8]</sup>
atQor Multi-Agent AI Platform	atQor	Internal knowledge agents for IT/HR/regulatory; secure, scalable, cited.	Agentic AI, KM	Pharma, compliance, HR, manufacturing <sup>[9]</sup>
NTT DATA Agentic AI Services	NTT Limited	Advisory, design, build, manage full agentic AI lifecycle, omni-channel.	Agentic AI, Managed	Finance, telecom, CX, ops automation <sup>[10]</sup>

## Conclusion

- All solutions above are currently listed on Azure Marketplace and have up-to-date, verified solution briefs.
- Each publisher and solution type is documented and mapped to appropriate verticals.
- Review confirms strong fit for enterprise AI, GenAI, agentic, evaluation, and MLOps scenarios, with robust Azure cloud integration and security features.
- This should serve as an accurate shortlist of leading non-Microsoft AI solutions for enterprise selection and RFP.
